To Whom It May Concern,

Our firm has been a NetSource Technologies customer for over 15 years. They provide web design and web hosting for our company. We are very pleased with the quality of work and the interest they show in making our website a reflection of all the services our firm offers.

Due to their knowledge of the industry and attention to detail, we are confident that we are keeping up with current trends in marketing and communications in the area of web design and function.

On behalf of our firm, I am happy to recommend NetSource Technologies for web services. For further comment, I can be reached by email or phone at dcollier@colliercpas.com or (352) 732-5601.

Sincerely,

Daryl Collier, CPA
